Terms & Conditions

Smart Reproduction reserves the right to require Owner to pay a deposit prior to the commencement of services under this Agreement. Such deposit shall be in an amount determined by Smart Reproduction and shall be retained by Smart Reproduction until such time that Owner has fully and completely paid all sums that are due to Smart Reproduction under this Agreement or under any other agreement between Owner and Smart Reproduction. The deposit may be commingled by Smart Reproduction with its other funds and shall be received and held by Smart Reproduction without liability for interest as security for the faithful performance of all the terms and provisions of this Agreement by Owner, including the obligation of payment hereunder. If Owner should default with respect to any covenant, duty or obligation of Owner hereunder, then the deposit, or any part thereof, may be applied by Smart Reproduction on the damages sustained by Smart Reproduction by reason of any such default or on any indebtedness owing by reason of any failure of Owner to make any required monetary payment hereunder. At any time or times when Smart Reproduction has made any such application of all or any portion of the deposit, Smart Reproduction shall have the right at any time thereafter to demand that Owner pay to Smart Reproduction a sum equal to or greater than the amount(s) so applied by Smart Reproduction so that Smart Reproduction will always be in possession of a deposit in an amount satisfactory in the sole discretion of Smart Reproduction. If Owner fails to pay any amount due hereunder within thirty (30) days of its due date, or fails to pay within thirty (30) days of its due date any sum arising under any other agreement between Owner and Smart Reproduction, then Owner shall be deemed to be in default under this Agreement. Further, upon an event of default under this Agreement, Owner shall be deemed to have abandoned any Product(s) that Smart Reproduction may have in its possession, storage or control. Owner acknowledges and agrees that upon such default, Smart Reproduction shall have the right to dispose of any such Product(s) in any manner chosen by Smart Reproduction, in its sole and absolute discretion, which may include, but not be limited to, the transfer, sale, or destruction of such Product(s). Owner acknowledges and agrees that such disposition of the Product(s) by Smart Reproduction shall be free and clear of any liens or security agreements of any other party and Owner shall indemnify, defend and hold harmless Smart Reproduction from any loss, expense, cost, cause of action or other claim brought against or incurred by Smart Reproduction in the disposition of any Product(s).
